ItchStop

Reduces itching mane, tail and coat

RENONS ItchStop effectively reduces the horse's itching of the mane, tail and coat. Eliminates problems with broken scratched base of tail and mane comb. Reduces dandruff, strengthens the skin against itching and improves the welfare of horses with skin-related summer problems.

Reconditions even the mane and tail that has become jaded by recurring braiding.

Usage

Spray 1 times / day on exposed areas like base of tail and mane comb. Massaging so RENONS ItchStop can act on the skin.
